

“I am so happy to teach others to read and write. For the first time I actually have the feeling to really have an impact. Only two years ago I was a participant of the TSSI CBFL program myself. I will never forget the feeling when I finished the program successfully and I was given the certificate offering me completely new chances in life. Now I want other people to feel the same way I did this day and every day since.”
Fatimata de Boureima, Teacher – CBFL class no 11 in 2012
